COMMITTEE REPORTS

a. Newsletter/Announcements/Ads (Carla Giacobone/Gary Doll):

Still working on Ads. Ram Sales has made corrections and is willing to resume paying. The new ad has been incorporated in the newsletter.

Gary Still considering putting the ads on the website. The meeting minutes are now linked to from the website.

b. Student Affairs (Dave Milam):

Dave absent – submitted the following comments:

*“**Science Fair:** I received both an email message and a snail mail letter announcing the 2008 Ohio Science Day at Mount Union College on March 29. Two questions—(1) Shall we agree to sponsor two \$100 prizes for the two best materials-related projects and (2) Who would like to assist me that day—Jim? Carla? Patrick?”*

***Materials Camp:** Thank you, Gary Doll, for forwarding that email note from the ASM Foundation. I am in the process of notifying each of the Stark County high schools of this opportunity.*

***Chapter Project Idea:** Do the Officers and EC members have interest in our Chapter sponsoring a Materials Camp in our area during the summer of 2009? The attached article is from the November issue of AM&P. The article also points out the benefit to a Chapter from this activity. I also know that we could get advice from the Peoria Chapter. Is this something that you wish to look into further? What would you like me to find out?”*

With respect to the Science Fair, we agree on continued support and discussion seems to favor making this a ‘standing prize’ that will be given out each year unless there is any reason to reconsider. Carla, Patrick and Mark are interested in helping out. Dave should contact them for confirmation of date, time and location.

With respect to materials camp discussion suggested that we sponsor students or teachers to attend the camps already put on at Materials Park each year. There is the option of advertising such a sponsorship on the TimkeNET website. Gary and Jim to follow up with Dave on this item in order to clarify the meaning of the original suggestion.

c. Publicity and Awards (Dennis Huffman):

Patrick had emailed back and forth with Megan Herrman in order to have the awards mailed to him, yet he has received none. Patrick to follow up with Megan.

d. Education (Carla Giacobone):

Met for the Non-Met Class advertisement posted on TimkeNET. Info from the ad:
